PRICING CONDITIONS

Listed prices are the starting prices to file 1 trademark, for 1 good or 1 service, and 1 class.

The class is basically how the Trademark Office refers to the category that your mark falls under

FINAL pricing is based on:

1. Whether you have more than 1 trademark
2. Whether you sell goods, services or both
3. Whether your goods/services fall under more than 1 class

You will not have to determine what Class your trademark falls under; that determination is included in the trademark service provided by Marsolu

For your reference, a list of all the classes for goods/services are on pages 6-9 to give you an idea of the class/es that you might want to seek trademark protection for.

What class (aka category) best fits your good or service? If you sell goods, start below. If you offer services, go to page 9.
